DATASET: C. V. RAMAN BLOCK (ACADEMIC BUILDING) - NIT DELHI

SECTION 1: IDENTITY, LOCATION, AND CAMPUS CONTEXT

- Entity Name: C. V. Raman Block (also commonly referred to as the C. V. Raman Building or Academic Building).

- Role: Primary Academic Block housing core engineering departments, faculty offices, lecture rooms, and core research laboratories.

- Campus Status: Located within the permanent 51-acre campus of the National Institute of Technology (NIT) Delhi. The permanent campus became fully operational in 2022.

- Full Postal Address: C. V. Raman Building, National Institute of Technology Delhi, Plot No. FA7, Zone P1, GT Karnal Road, Alipur, Delhi - 110036, India.

- Exterior Surroundings: The block is situated on a vehicle-free academic campus. It is near the main gate, the outdoor sports complex, Shivalik Hostel, and Dhauladhar Hostel.

SECTION 2: FLOOR-WISE DEPARTMENTAL DISTRIBUTIONS AND OFFICES

- Second Floor (2nd Floor):

  * Department: Computer Science and Engineering (CSE).

  * Head of Department (HOD) Office: Room No. 212, 2nd Floor, C.V. Raman Building.

  * CSE Office Landlines: +91-1133861101, +91-1133861211.

  * CSE Official Email: hodcse@nitdelhi.ac.in.

- Fourth Floor (4th Floor):

  * Department: Civil Engineering (CE).

  * Content: Primary administrative offices, faculty cabins, and transportation/computational planning cells for the Civil Engineering department.

- Fifth Floor (5th Floor):

  * Department: Electronics and Communication Engineering (ECE).

  * Head of Department (HOD) Office: Room No. 508, 5th Floor, C.V. Raman Building.

- Sixth Floor (6th Floor):

  * Department: Electrical Engineering (EE).

  * Head of Department (HOD) Office: Room No. 608, 6th Floor, C.V. Raman Building.

SECTION 3: INFRASTRUCTURE AND LAB ALLOCATIONS

- Climate Control and HVAC: The laboratories on the floors dedicated to Computer Science and Engineering (CSE), Biotechnology, and Chemical Engineering within the C.V. Raman Building are fully air-conditioned (A/C).

- Civil Engineering Labs inside C.V. Raman Block:

  * Transportation Lab: Located in Room No. 420, Block-A, C.V. Raman Building.

  * Computational Lab: Located in Room No. 410, Block-A, C.V. Raman Building.

  * Note on Mechanical and Civil Labs: Unlike the fully air-conditioned computer/bio labs, certain standard heavy machinery lab spaces for Civil and Mechanical disciplines are standard-ventilated rooms optimized for heavy equipment and field simulators.

- Digital Infrastructure: Equipped with high-speed campus-wide Wi-Fi, localized networking ports for server interaction, and smart-classroom integration.

SECTION 4: ASSOCIATED RESEARCH CAMPAIGNS AND FACILITIES

- Institutional Computational Power: The computing wings inside this block interface directly with NIT Delhi's advanced digital assets, including the PARAM Shavak Supercomputer setup, and innovation wings supporting AI, machine learning, and Internet of Things (IoT) tracking analytics.

- Inter-Departmental Spaces: Accommodates cross-disciplinary classrooms, lecture spaces, and testing hubs for basic sciences (Applied Sciences, Humanities, and Management - ASHM) during introductory B.Tech, M.Tech, and Ph.D. coursework.
