DATASET: SPORTS COMPLEX, GROUNDS, AND PLAYGROUNDS - NIT DELHI

SECTION 1: MASTER PLAN, GEOGRAPHY, AND DESIGN ZONING

- Campus Layout Context: The sports facilities are situated at the "green center" of NIT Delhi's 51-acre to 56-acre master-planned greenfield campus on the Delhi-Panipat Expressway (GT Karnal Road, Alipur).

- Zoning Concept: The campus utilizes a "green center-and-ringed periphery" model featuring strict vehicle-free zoning. This places major outdoor grounds and courts at the core of the campus, encircled by academic buildings and hostels.

- Accessibility: All central outdoor grounds are connected to the rest of the campus by an 8-meter-wide covered pergola walkway system, ensuring that any sport infrastructure is within a 500-meter walk from the academic or residential blocks.

- Cultural Hub: The main outdoor ground layout doubles as the staging arena for "ZEAL", the annual national-level sports festival organized by the institute's sports club, Altius, typically held every February or March.

SECTION 2: OUTDOOR FIELD AND TRACK FACILITIES

- Football Ground:

  * Features a large, standard-sized, naturally grassed field maintained for official inter-departmental, inter-NIT matches, and regular physical training.

  * Equipped with fixed steel goalposts, clearly marked white boundaries, and high-intensity overhead floodlights to allow evening and night matches.

- Athletics Track:

  * A standard 400-meter outdoor athletic loop that encircles the football pitch boundary.

  * Designed for track and field events, featuring well-demarcated running lanes, dedicated jump pits (long jump/triple jump zones), and throwing sectors (javelin/shot put). The entire loop is integrated with overhead floodlighting.

- Cricket Facilities:

  * The permanent campus map features dedicated outdoor net zones containing two specialized cricket practice pitches surfaced with AstroTurf flooring to simulate true bounce and consistent match-like ball behavior.

  * Features cemented bases, protective high-net enclosures, and dedicated floodlighting for night practice.

  * *Note on Large Matches:* Large-format cricket tournaments are held directly within the expansive open turf of the central football ground or adjacent Open Air Theatre (OAT) boundaries, as there is no isolated full-size stadium field explicitly dedicated to cricket.

SECTION 3: OUTDOOR COURT FACILITIES

- Basketball Courts:

  * Consists of two standard-sized, hard-surface outdoor courts finished with professional PU (Polyurethane) flooring for optimal grip and shock absorption.

  * Outfitted with heavy-duty backboards, robust breakaway hoops, precise boundary lines, and high-intensity floodlighting setups for night play.

- Volleyball Courts:

  * Consists of two outdoor courts surfaced with high-grade PU (Polyurethane) flooring designed to handle dynamic player movement safely. Equipped with adjustable net tightening systems and standard referee stands.

- Kabaddi Courts:

  * Two dedicated, standard-sized outdoor courts designed to accommodate both male and female division configurations.

  * Outfitted with high-quality, weather-resistant interlocking mats laid over level surfaces to ensure player safety during contact drills.

- Lawn Tennis Court:

  * Features a single standard-sized hardcourt with a specialized acrylic texturized coating optimized for uniform bounce and high-level gameplay, equipped with essential net assemblies and baseline clearance.

SECTION 4: GYMNASIUMS AND FITNESS ZONES

- Open-Air Gym (Outdoor Fitness Zone):

  * Located under an open-canopy sky format close to the outdoor courts.

  * Features weather-proofed mechanical pull-down, chest press, and core rotation fitness machines utilizing bodyweight resistance.

- Indoor Gymnasium Facilities:

  * Located close to the residential sectors with distinct installations positioned directly within the hostel blocks (including both primary Boys' Hostels).

  * Outfitted as state-of-the-art climate-controlled fitness rooms containing high-end commercial strength equipment, weightlifting benches, free weights (barbells/dumbbells), treadmills, and cross-trainers.

SECTION 5: INDOOR SPORTS INFRASTRUCTURE & DISPATCH CONTROL

- Indoor Arena & Games Room:

  * Features four indoor Badminton courts equipped with high-quality flooring mat layouts and specialized non-glare overhead lighting.

* Dedicated Table Tennis room housing high-quality, national-standard table tennis surfaces with ample spatial clearance for player movement.

* Contains localized table zones for strategy-based board games including multi-set Chess (equipped with official tournament chess clocks) and smooth-surfaced Carrom boards.

- Equipment Dispatch Office (Sports Section Office):

* The administrative nerve center located at the entry wing of the sports block complex.

* Manages institutional inventory tracking and handles daily student/faculty equipment allocation (loaning out cricket pads, bat sets, volleyballs, basketballs, racquets, and athletic kits via student ID verification).
